The amendment filed October 20, 2006 has been entered and made of record as paper no. 1006.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-3, 5-10, 21-23, and 25-32 are rejected under 35 U.S.C. 102(e) as being anticipated by Mandelman et al (US 6,762,447 B1).

Mandelman et al disclose an electronic silicon device comprising a silicon substrate (10), a trench, a silicon dioxide (13 and 15) disposed on the bottom and on a first portion of the wall, a polysilicon fill (14) disposed on the surface of the silicon dioxide layer and on a second portion of the wall.

In re claim 3, Mandelman discloses a junction field effect transistor. Note line 41, column 11 of Mandelman.

Applicant's arguments with respect to claims 1-3, 5-10, 21-23, and 25-32 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
